

Moses Lake Community Prevention Coalition

"A teen's brain is rewiring and developing until their mid 20's. Until then they're going to try new things, test boundaries, and drive you crazy. When it comes to alcohol, be clear, be firm, be consistent, BE THE WALL—because they need you now more than ever."

The **Be The Wall** campaign uses positive approaches to create solutions to youth substance use. It fosters hope, collaboration and pro-activity in making health and safety for our youth a real and lasting priority in our community.

Join the Moses Lake Community Prevention Coalition in their effort to empower Moses Lake youth and their families to prevent substance use and promote a healthy and safe environment for our youth.
